U vinu su loza, sunce, zemlja i znoj... Iskrenost i biznis, radost i žalost, nemir i opoj!

In the wine there are vine, sun, soil & sweat... genuinity and business, joy and pain, anxiety and ebriety!

UZIMANJE UZORAKA / TAKING THE SAMPLES

Uzorke uzimamo iz distribucijskih kuća u koje imamo povjerenje vino da drže kako treba, tj. da posjeduju odgovarajuće skladište za vina i da imaju strukovno osposobljeno osoblje, tako da bi trebalo biti isključeno da se vinu nakon isporuke od strane proizvođača nešto dogodilo zbog neprikladnog čuvanja / The samples for the

tasting are taken from the shelves of the distribution houses in which we have confidence that they keep the wines in the right conditions, so it should be excluded that the wines deteriorate because of the improper storage ■
